FINISHING & BLOCKING:

TECHNIQUES USED:

1. Short Row (sr) (wrap & turn - w&t)

Knit desired # of sts, slip 1 stitch purlwise, bring yarn to front, return slipped stitch to left ndl – referred to in the pattern as w&t.

2. Closing Wraps

Insert ndl under both the wrap and stitch. Knit together the wrap and st almost like k2tog.

Additional Notes: In my opinion, it's not necessary to close the wraps when working in garter stitch because the wrap is lost in the stitch pattern.

There are lots of ways to do short rows/wrap and turn (w&t). One method I've recently started to use is the German Short rows. Here's a great article written on Ravelry which clearly shows the technique. There are a couple of videos towards the bottom of the page. <http://www.ravelry.com/twir/86/ask-a-knitter-2>
